

## Summary:

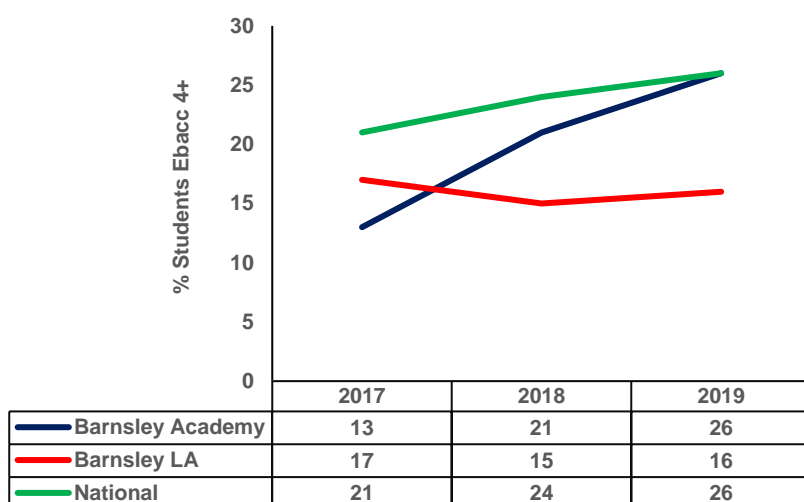

We are pleased to announce that 2019 was yet another record-breaking year for Barnsley Academy students. The performance data below highlights significant and sustained improvements over the last three years. We would like to congratulate all students, and their families, on another set of great results. Well done!

Performance Across Curriculum: EBacc, 2017 - 2019

### The EBacc:

The Ebacc (English Baccalaureate) is 'a set of subjects at GCSE that keeps young people's options open for further study and future careers' (Department for Education). The EBacc is:

- English language and literature
- maths
- the sciences
- geography or history
- a language

Students must achieve a Grade 4+ in each of the list above in order to achieve the EBacc. The government's ambition is to see 75% of students studying the EBacc subject combination at GCSE by 2022, and 90% by 2025. Barnsley Academy is working towards this target.
